

June 16, 2008

Dear Friends,

We will be holding the "1st Annual Brady C. Lucas Golf Outing" on September 6, 2008 at Grandview Golf Club in York, Pennsylvania.

As most of you are aware, my son Brady was diagnosed with Acute Lymphoblastic Leukemia in April of 2005. Brady has done tremendous battling this blood cancer and is currently in remission. If all goes well, he is scheduled to be done with his treatments and medications by the end of July 2008.

We are holding this outing to honor Brady and to raise funds for an unbelievable organization called the "The Four Diamonds Fund" at Penn State Hershey Children's Hospital. You may have heard of The Four Diamonds, which has a 46-Hour Dance-A-Thon every year at Penn State University's main campus, as well as, numerous smaller Dance-A-Thons at satellite Penn State University's Campus' and Junior and Senior High Schools around Pennsylvania.

Please read the enclosed brochure on the history of the "The Four Diamonds Fund". I can attest first hand of the benefits, not only the financial help dealing with all the medical bills, but also the group of people involved from doctors and nurses to social workers and researchers, which continually strive to conquer childhood cancer.

We are seeking sponsors to help support the Golf Outing where all proceeds benefit the "The Four Diamonds Fund". All donations are tax deductible and are accepted and appreciated.

We are planning a great event with many prizes, great food, and a lot of fun. We look forward to seeing you at Grandview Golf Club.

Sincerely,

Thomas Lucas

Tournament Committee, Chairman
